THE QUESTIONNAIRE	7
INSTITUTIONAL AFFILIATIONS OF THE SURVEY PARTICIPANTS.....	11
Characteristics of the Sample.....	13
SUMMARY OF MAIN FINDINGS.....	15
Characteristics of the Sample	15
Administrators Grade their Universities on their Capabilities in Promoting University- Developed Technologies	15
Views on the Appropriate Level of University Staffing for Technology Transfer & Sponsored Research.....	16
Views on University Spending on Technology Transfer	16
View of the University's Performance in Managing University Patents	17
View of University Performance in Helping its Scholars in Obtaining Research Grants...	17
View of the University Performance in Arranging Sponsored Research Projects with the Private Sector	17
View of the University Performance in Incentivizing Faculty to Create Intellectual Property for the University	18
View of University Performance in Publicizing Faculty Research Achievements	18
Suggestions from Administrators for Making Improvements in University Technology Transfer Policies.....	18
Views on which Existing Policies are Effective in Technology Transfer & Sponsored Research	19
Table 1.1 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university?	20
Table 1.2 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by country.....	20
Table 1.3 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by US News and World Report World Ranking	20
Table 1.4 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by public and private status.....	21
Table 1.5 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by gender of survey participant	21
Table 1.6 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out age of survey participant.....	21
Table 1.7 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by work title or role of the survey participant.....	22
Table 1.8 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by major field of work activity of the survey participant.....	22

Table 1.9 How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university? Broken out by level of compensation of the survey participant	23
Table 2.1 In this area the university has insufficient staff, enough staff, or too much staff?	24
Table 2.2 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by country	24
Table 2.3 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by US News and World Report World Ranking	24
Table 2.4 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by public and private status.....	25
Table 2.5 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by gender of survey participant	25
Table 2.6 In this area the university has insufficient staff, enough staff, or too much staff? Broken out age of survey participant.....	25
Table 2.7 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by work title or role of the survey participant	26
Table 2.8 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by major field of work activity of the survey participant.....	26
Table 2.9 In this area the university has insufficient staff, enough staff, or too much staff? Broken out by level of compensation of the survey participant	27
Table 3.1 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology?	28
Table 3.2 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by country	28
Table 3.3 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by US News and World Report World Ranking.....	29
Table 3.4 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by public and private status.....	29
Table 3.5 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by gender of survey participant	30
Table 3.6 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out age of survey participant.....	30
Table 3.7 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues	

from university-developed technology? Broken out by work title or role of the survey participant	31
Table 3.8 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by major field of work activity of the survey participant	32
Table 3.9 Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Broken out by level of compensation of the survey participant	33
Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology? Other answers.	34

Table 4.6.5 How well does your university perform in Publicizing University Research Achievements? Broken out by gender of survey participant.....	56
Table 4.6.6 How well does your university perform in Publicizing University Research Achievements? Broken out age of survey participant.....	56
Table 4.6.7 How well does your university perform in Publicizing University Research Achievements? Broken out by work title or role of the survey participant.....	56
Table 4.6.8 How well does your university perform in Publicizing University Research Achievements? Broken out by major field of work activity of the survey participant	57
Table 4.6.9 How well does your university perform in Publicizing University Research Achievements? Broken out by level of compensation of the survey participant.....	58
What could your university do to better to foster development and technology transfer of university-developed technologies?.....	59
What is your university currently doing in its technology development and technology transfer policies that are particularly effective or noteworthy?	65

THE QUESTIONNAIRE

INTERNATIONAL SURVEY OF RESEARCH UNIVERSITY LEADERSHIP

DEMOGRAPHIC DATA

1. Please Provide the Following Information

- A. Name
- B. University
- C. Academic Title
- D. Country
- E. Email Address

2. Your university is Public or Private?

- A. Public
- B. Private

3. gender of survey participant

- A. Male
- B. Female

4. Which age band best describes you:

- A. 30 or Under
- B. 31-39
- C. 40-49
- D. 50-59
- E. 60 or over

5. Which phrase best describes your role or title at your university?

- A. Dean
- B. Trustee or Board Member
- C. Chancellor, Provost or President
- D. Academic Department Chairman or Distinguished Professor
- E. Director or Executive in Administrative Department
- F. Other (please specify)

6. Which phrase best describes your academic field or role

- A. Education Administration & Academic Affairs
- B. University Business & Finance
- C. Fundraising & Marketing
- D. Research Grants, Technology & Patents
- E. Student Services
- F. Plant, Buildings, Information Technology
- G. Other (please specify)

7. Level of compensation of the survey participant

- A. Less than \$75,000
- B. \$75,000+ to \$125,000
- C. \$125,000+ to \$175,000
- D. \$175,000+ to \$250,000
- E. More than \$250,000

View of Technology Transfer and Sponsored Research Divisions

8. How would you grade your university's efforts in promoting technologies developed by faculty and others connected to the university?

- A. A
- B. B
- C. C
- D. D
- E. F
- F. Don't Really Know Enough to Say

International Survey of Research University Leadership: View of Technology Transfer and
Sponsored Research Offices

9. In this area, the university has insufficient staff, enough staff, or too much staff?

- A. Insufficient Staff
- B. About enough staff
- C. Too much staff

10. Imagine that your university budget is just about keeping pace with inflation, perhaps a little better, should your university spend more, spend less, or spend about the same on departments and programs to foster technology transfer and patent revenues from university-developed technology?

- A. Spend much less
- B. Spend less
- C. Spend about the same
- D. Spend more
- E. Spend much more
- F. Other (please specify)

11. How well does your university perform in each of the following areas?

	Poor Performance	Acceptable Performance	Good Performance	Excellent Performance	Don't really know
Managing University Patents					
Assist Faculty in Obtaining Research Grants					
Arrange Sponsored Research Projects with the Private Sector					
Promoting University Developed Technology					

International Survey of Research University Leadership: View of Technology Transfer and Sponsored Research Offices

Incentivizing Faculty and Staff to Create Intellectual Property and Patents for the University					
Publicizing University Research Achievements					

12. What could your university do to better to foster development and technology transfer of university developed technologies?

13. What is your university currently doing in its technology development and technology transfer policies that are particularly effective or noteworthy?
