TABLE OF CONTENTS

MARKETING

| | |
|---|----|
| Columbia adopts AI-based machine learning model for technology marketing | 3 |
| Pitt TTO takes business-like approach with surveys to improve customer engagement | 6 |
| NYU entrepreneurship program using podcasts to promote start-ups | 9 |
| Silicon Valley event opens doors for U of Arizona research | 11 |
| Make “reverse pitch” part of your strategy for bringing technologies to marketplace | 14 |
| Four TTOs join forces for first-ever online technology showcase | 18 |
| Video campaign helps expand awareness of UC system innovations | 20 |
| Yissum maximizes IP marketing efforts by harnessing social networks | 22 |
| TTO’s online platform offers easy access to low value technology | 26 |
| Radio series offers valuable PR, exposure for tech transfer at Ohio U | 30 |
| UNC cancer center hastens medical innovation with “speed dating” event | 32 |
| Experts share strategies, tools and metrics for assessing TTO marketing | 34 |
| ‘Nearshot’ model targets potential licensees on the periphery of primary market | 37 |
| Stanford adds widgets on website that map IP and research connections | 40 |
| TTOs add online video to their marketing mix | 43 |
| Penn State goes it alone in IP auction, with mixed results | 47 |
| Canadian universities use online “scavenger hunt” to pique interest in research | 50 |

CONTRACTING AND LICENSING

| | |
|--|----|
| TTOs eliminate barriers, expedite the licensing process for start-ups | 55 |
| TTOs link with third parties in bid to expand licensing of research tools | 60 |
| NMSU offers ‘research-only’ license to stimulate more start-ups | 65 |
| Easy Access IP model still gaining users as option in TTO licensing toolkit | 68 |
| New quick license does not include equity share element | 72 |
| U Minnesota offers royalty-free option in its MN-IP program | 75 |
| Navigate carefully around duty-to-enforce clauses in license agreements | 77 |
| UChicagoTech unveils new ‘one size fits all’ express license | 80 |
| Purdue launches express license, adds more start-up support | 84 |
| Research tools are great licensing opportunity – if you do it right | 86 |
| TTOs urged to move ‘at the speed of business’ and increase deal flow | 89 |
| Streamlined approach to faculty start-ups eliminates haggling, up-front expenses | 93 |
| When licensees go belly up: Here’s what TTOs need to know | 96 |
| Master Reagent Agreement boosts efficiency for both TTO and licensees | 99 |

START-UPS

| | |
|---|-----|
| Ace the customer discovery process for the best shot at start-up success | 105 |
| LLCs can be smart for university start-ups, but only if you know the risks | 110 |
| ‘Founders Pie Calculator’ offers a more nuanced way to determine equity shares | 114 |
| Imperial College establishes two tiers of support for academic inventors | 118 |
| UCLA credits environment, change in culture for driving start-up success | 123 |
| ‘Creative Destruction Lab’ launches successful start-ups accross Canada | 127 |
| Pros, cons, and practical challenges of sabbaticals for faculty involved in start-ups | 132 |
| Expert blasts standardized equity share agreements for university start-ups | 134 |
| ‘Startup-in-a-box’ program goes the extra mile to help faculty launch companies | 137 |

| | |
|--|-----|
| Mayo tech transfer team uses “reverse pitch” strategy to attract more entrepreneurs | 141 |
| Pre-accelerators offer critical early-stage guidance and a bridge to start-up creation | 144 |
| Patience, creativity required to find top CEO talent for university start-ups | 148 |
| To grow more valuable start-ups, focus on scaling up from day one | 153 |
| TTOs in “flyover” states must get creative to support their start-ups | 156 |
| Bring in outside CEO at the right time, when founders are no longer enough | 164 |
| In ‘Buy Blue’ program, U of Toronto becomes customer of its own start-ups | 168 |
| What makes a great university start-up accelerator? | 170 |
| Free legal clinics offer needed expertise to cash-starved university start-ups | 175 |
| Should universities be managing their equity stakes after IPOs? | 179 |
| LLCs offer advantages for university start-ups, but beware of tax implications | 184 |
| Don’t accept equity dilution as inevitable with university start-ups | 188 |
| Start-Up Snapshot highlights Emory OTT’s successes | 191 |
| “Golden Share” model may appeal to start-ups, but VCs are likely another story | 194 |
| Simplified IP model charts a different course for digital tech | 198 |

FUNDING

| | |
|--|-----|
| Venture search funds floated as way to tap endowments, attract start-up talent | 203 |
| Microgrant programs: ‘Small’ amounts of support can have a large impact | 207 |
| Hopkins collaborates with investment firm to de-risk early-stage therapeutics | 209 |
| U of Arkansas goes where the money is for funding -- to the Athletics Department | 213 |
| Emory’s proof-of-concept funding program: A little can mean a lot | 216 |
| Universities creating more pre-seed funds to fill the gap, attract later investors | 219 |
| For early-stage start-ups, try a SAFE approach to attracting investors | 222 |
| Tech Launch Arizona brings SBIR/STTR assistance under its wing | 225 |
| Pitt runs successful crowdfunding campaign to boost its student accelerator | 227 |
| University angel networks joining forces to boost start-up funding | 231 |
| Universities getting more attention as new models of early-stage investing emerge | 234 |
| “Affinity” alumni funds can bring new investments to university technologies | 239 |
| Lessons learned from university crowdfunding: Don’t expect too much | 243 |
| Corporate venture funding coming soon to a TTO near you | 245 |
| ‘Cashless giving’ allows start-ups to donate stock to school | 248 |

FACULTY OUTREACH AND EDUCATION

| | |
|---|-----|
| Clinician entrepreneurs present distinct challenges but big opportunities for TTOs | 253 |
| WSU spreads innovation culture with a dramatic shift in program focus | 257 |
| “Commercialization Guide” makes an impact as outreach tool for Penn | 261 |
| Making lemonade out of lemons: Communicating unwelcome news to scientists | 266 |
| Changing the mindset: Boosting faculty engagement still a challenge for TTOs | 268 |
| Departing and incoming faculty present IP challenges for TTOs | 272 |
| Cambridge Enterprise outreach effort extends to non-technology departments | 276 |
| Program gives faculty the time and space to test out promising technologies | 278 |
| WSU’s peer mentoring program aims to build on tech transfer successes | 282 |
| Target reluctant deans, department heads to remove barriers to tech transfer | 285 |
| MIT lab’s Translational Fellows Program injects a needed dose of entrepreneurship | 289 |
| Realizing potential: Keys to nurturing female-led innovation | 292 |
| Washington U puts women innovators on the fast track | 297 |
| U of Miami launching new Idea Portal to spur invention disclosures | 300 |
| CCI’s online Inventor Toolkit designed to keep ideas flowing | 302 |
| Boosting disclosures at St. Michael’s Hospital by walking the halls | 305 |
| TTOs shift focus to customer service and see disclosures soar | 308 |
| How to manage the “care and feeding” of faculty researchers | 312 |
| Purdue relies on faculty who’ve ‘been there, done that’ to mentor other researchers | 315 |

OPERATIONS AND STAFFING

| | |
|--|-----|
| Not resting on its laurels, MIT beefs up tech transfer efforts | 321 |
| UNeMed took the data bull by the horns and created its own customized solution | 327 |
| Maximize collisions and minimize friction for best TTO performance | 331 |
| TTOs looking to deal directly with patent annuity management firms | 334 |
| Emory uses data on workload and efficiency to help manage staffing decisions | 337 |
| Lean Startup principles offer valuable insights for tech commercialization | 341 |
| How to use peer review to guide TTO performance improvement | 347 |
| Prioritizing customer service goals, Hopkins TTO promises quick response on disclosures | 351 |
| Standardized processes, skilled mentorship ensure the success of new licensing managers | 354 |
| Tech transfer leaders find pathways to change are full of obstacles and opportunities | 360 |
| Hopkins' restructuring enables specialization, nets impressive commercialization results | 366 |
| Idea Champions are key in total revamp of Notre Dame's commercialization efforts | 369 |
| TTO creates roadmap to recovery from nightmare of financial disarray | 371 |
| A win-win: Business students get great experience, TTOs get extra manpower | 375 |
| Emory OTT celebrates staff achievement with unique teambuilding activities | 381 |
| Tech transfer office morphs into accelerator in new commercialization model | 383 |
| TTO leaders have diverse opinions on 'right' case load for licensing staff | 387 |
| External reviews pull no punches, help TTOs drive improvements | 392 |
| TTOs slash patent costs, boost efficiency with internal patent attorney groups | 395 |
| TTOs rebrand, revamp, and make major strides with faculty, industry | 399 |
| Kansas TTO uses IT overhaul to help boost results and efficiency | 405 |

PARTNERSHIPS

| | |
|--|-----|
| U Toronto center partners with Chinese firm to give start-ups 'soft landing' | 411 |
| Creative solutions found for improving reporting between IIA participants | 413 |
| Indiana schools will bundle their IP in licensing deal with research institute | 417 |
| Indiana U partners with nearby engineering school to make prototypes | 419 |
| TTOs hunt for investors, new commercialization opportunities in overseas markets | 422 |
| Arizona State's California outpost leads to unique EdTech partnership with west coast VC | 428 |
| TTOs devise creative partnerships to help their start-ups grow | 431 |
| VC partnership models highlight importance of early stress-testing | 434 |
| Alliances become critical as framework for building innovation ecosystems | 437 |
| Wake Forest Baptist partners with investment firm for tech development | 439 |
| ASU's satellite office extends TTO's reach to vibrant SoCal ecosystem | 441 |
| Foreign outposts for TTOs increase opportunities, but come with challenges | 444 |
| Case Western "spin-in" model offers key benefits to both parties | 448 |

POLICIES AND PROCEDURES

| | |
|--|-----|
| Faculty-friendly IP policy nurtures innovation, attracts industry sponsors | 455 |
| UNH addresses student IP with policy, targeted agreements, communication | 459 |
| What is the "right" royalty share for faculty inventors? | 463 |
| APLU report recommends including tech transfer work in P&T decisions | 466 |
| Universities revising IP policies in response to evolution of tech transfer | 469 |
| Researcher merry-go-round: Best practices for handling departing faculty | 472 |
| Cases illustrate importance of both oversight and outreach on ethics, conflict-of-interest | 480 |
| Universities tinker with policies, royalty formulas to boost tech transfer | 483 |
| Call for changes to promotion and tenure policies grows louder | 486 |

PORTFOLIO MANAGEMENT, ASSESSMENT, AND TRIAGE

| | |
|---|-----|
| Apply a systems approach to prioritize technologies and improve time management | 493 |
| TTOs assess many factors to make decisions on PCT conversion | 498 |
| TTO adopts new strategy based on 'technology scoping and venture packaging' | 503 |
| Do you practice what you preach on patent prosecution? | 506 |

| | |
|---|-----|
| UCLA’s blockbuster Xtandi deal shows value of royalty monetization | 510 |
| Establish rigor, system of regular review to optimally manage IP assets | 513 |
| TTO at U New Hampshire takes charge of trademark licensing | 516 |
| Engage in customer discovery to ensure innovations have a ready market | 518 |
| Early X Foundation does deep dive on latent IP to find new markets and applications | 522 |
| Creative works programs can bring sizable revenues and quick ROI | 524 |
| Jumpstart creative works IP with proof-of-concept grants | 530 |
| Yes or no? The commercialization question and creative works | 532 |
| IP evaluation “toolkit” helps standardize factors considered in patent decisions | 534 |
| K-State co-founds company in novel effort to de-risk and commercialize more IP | 536 |
| Royalty monetization nets \$42 million as Rush cashes in on MS drug | 540 |
| Universities use third parties to invest in and de-risk their technologies | 544 |
| Use this royalty audit checklist to identify “red flag” licensees | 547 |

PATENTS AND LEGAL ISSUES

| | |
|---|-----|
| Fully leverage licensing, faculty resources to pick up on potential infringement | 555 |
| TTOs standing ground on infringement, more willing to sue | 559 |
| UPenn lawsuit shows need for keeping close watch on licensees | 563 |
| Harvard’s proactive PR in justifying patent litigation called best practice for tech transfer | 566 |
| \$25 million settlement with Apple puts NPE licensing strategy back in spotlight | 570 |
| Contingency fee deals for universities remove key barrier to patent enforcement | 573 |
| WARF’s big infringement win over Apple offers lessons for TTOs | 577 |
| Don’t let disputes over royalty splits, inventorship spoil TTO relationships | 580 |
| As negatives rise, PAEs become less attractive to TTOs | 584 |
| As patents become harder to protect, trade secrets emerge as viable option | 587 |

METRICS

| | |
|--|-----|
| Analysis of survey data makes the case for a metrics revamp | 593 |
| With start-ups given more weight, TTOs look for new ways to gauge performance | 596 |
| As their mission expands, TTOs adopt new metrics to showcase a broader view of contributions | 602 |
| TTO’s focus on service, business metrics wins over faculty and boosts commercialization output | 606 |
| TTO advocates for patent utilization rate as new performance metric | 610 |

ECONOMIC DEVELOPMENT

| | |
|--|-----|
| APLU report: TTOs urged to put economic development front and center | 615 |
| Tech Navigator program helps guide New Mexico entrepreneurs | 621 |
| “Vortex” universities thrive on retaining talent to build innovation ecosystem | 623 |
| More TTOs work with non-university IP to spur regional economic development | 627 |
| U Buffalo’s TTO revamps logo for greater clarity, linkage with economic development | 629 |
| In move to boost economic development, ASU’s TTO offers services outside the university | 631 |
| Wichita State promotes local economic development with job creation program | 637 |
| Lines blur between TTOs, economic development as schools focus on impact | 640 |
| Schools establish formal links with economic development groups to drive start-ups, jobs | 643 |
| Universities take on new challenges as they focus on economic development | 646 |
| Economic development surveys help TTOs demonstrate results | 650 |

STUDENT ENTREPRENEURSHIP

| | |
|--|-----|
| U Queensland’s new ‘chief student entrepreneur’ helps spread the word | 659 |
| UC Santa Cruz goes all out to engage students from non-STEM fields in entrepreneurship | 661 |
| GA Tech undergraduate entrepreneurship programs yield three successful exits | 666 |
| Student-led innovation center boosts start-ups, provides real-world experience | 668 |
| Discovery-based learning for undergrads feeds more campus innovation | 671 |
| NC State’s “IP Free Zones” help define policy, attract student innovators | 675 |
| Student IP policies under scrutiny as universities seek balance, but pitfalls persist | 678 |
| U of Arizona creates a full menu of opportunities to attract student innovators | 682 |

INDUSTRY ENGAGEMENT

| | |
|--|-----|
| New venture fund model at Georgia Tech boasts major corporate investors | 687 |
| UK universities band together to drive innovations and attract industry | 691 |
| How industry-sponsored research can dovetail with funding for faculty start-ups | 694 |
| Industry-sponsored research deals getting more attention, coming in more varieties | 698 |
| Standardized four-phase process leads to influx of industry partnerships | 703 |
| New model of industry collaboration relies on systematic start-up creation | 709 |
| How to enhance integration between TTOs and sponsored research | 712 |
| TTO applies 'lean' principles to individual labs and faculty in effort to match industry needs | 717 |
| Bid for more innovation prompts dramatic changes at U of Missouri | 720 |
| With closer ties in sponsored research agreements, ignore tax issues at your peril | 723 |
| U Minnesota launches "Try and Buy" program, allows companies to "test drive" IP | 727 |
